

Our Vision

To create a stigma-free society where all People Living with HIV (PLHIV) have equal access to healthcare, support, and social benefits, leading to an improved quality of life.

Our Mission

NSOP+ ensures consistent HIV treatment, reduces stigma, and connects PLHIV to government entitlements. We offer psychological and medical support through peer counselling and self-help groups, empowering individuals to lead fulfilling lives.

About Us

Founded in 2007, NSOP+ (Network of Solapur by People Living with HIV/AIDS) supports individuals living with HIV (PLHIV) in Solapur. We offer counselling, antiretroviral therapy (ART), healthcare navigation, and work to reduce stigma through awareness and advocacy.
